

San Francisco Public Library

San Francisco Public Library

The San Francisco Public Library is dedicated to free and equal access to information, knowledge, independent learning and the joys of reading for our diverse community. With a Main Library and 27 branches, the San Francisco Public Library has a presence in every neighborhood across the city. These branches are community centers that have a vital impact on San Francisco residents young and old. At any branch, young parents and toddlers can enjoy storytimes that help build language skills; school-aged youth find a comfortable place to study pre-selected materials that compliment their schoolwork; teens can take free SAT workshops or explore career options following high school graduation; job-seekers can get free, online resume building help; immigrants can use citizenship resources; older adults can bridge the “digital divide” by attending weekly computer classes, and anyone can check out back issues of his or her favorite magazines or music, movies and books—paper, audio or e-books—from a favorite author, often in multiple languages.

Friends of the San Francisco Public Library

Friends of the San Francisco Public Library is a member-supported, non-profit organization that is dedicated to creating, stewarding and supporting a superior free public library system in San Francisco. Friends advocates, fundraises and provides critical support for the San Francisco Public Library and related literary and education programs that serve all neighborhoods.
