THE MARY LOUISE STONG SOCIETY

Mary Louise Stong seated in front of Friends' co-founders, Margaret Mayer and Marjorie Stern.

Mary Louise Stong was a passionate advocate of the San Francisco Public Library during her lifetime. Instrumental in founding Friends in 1961, Ms. Stong championed support for the City's Library and included Friends in her estate plans. The Mary Louise Stong Society brings together dedicated friends who make securing the Library's future part of their own personal legacy. The annual breakfast is celebrated with:

- **Stong Society members.** If you have already advised us that you have included Friends in your estate plans, or you have taken that generous step but have not yet told us, you are a member of the Stong Society.
- **Library supporters interested in learning more about planned giving through Friends.** Our program will highlight several options for estate giving and Board members will be available to answer any of your questions.
